Many of these downloads are available from the member portion of this site. Just join and click on the Download button on the home page. The downloads are in TAZ files and can be uploaded to your desktop. Remember to backup your configurations and licenses ,and keep them in a safe place... you will need them. If you need additional help., call us at 1 800 544 0059, during business hours. Ask for Tech services Consulting.
